# **CALL FOR APPLICATION**

### **AN OVERVIEW**

### European Union Water Operators' Partnerships Programme (EU-WOP) Phase 2

Led by UN-Habitat's Global Water Operators' Partnerships Alliance (GWOPA) Funded by the European Union

An Invitation to Strengthen Water and Sanitation Utilities Through Solidarity

# About the EU-WOP Programme

The EU-WOP Programme supports peer partnerships that improve the capacity and performance of water and sanitation utilities in EU partner countries. Implemented by GWOPA/UN-Habitat and funded by the European Union, the programme champions not-for-profit partnerships – Water Operators' Partnerships (WOPs) – as a cost-effective, sustainable approach to achieving Sustainable Development Goal 6: clean water and sanitation for all.

Phase 1 (2020–2025) Supported 22 WOPs in Africa, Asia and Latin America.

Phase 2 (2025–2030) Now open for proposals, with funding available for up to 30 new WOPs.

## What is a Water Operators' Partnership (WOP)?

A WOP is a peer-to-peer collaboration between two or more water and/or sanitation operators. It is carried out on a not-for-profit basis with the aim of strengthening public utilities' capacity to deliver safe, inclusive and resilient services.

**Resident Partner** The utility receiving capacity support.

Supporting Partner The mentoring utility.

Additional Partners Knowledge institutions, facilitators, funders and others contributing to shared objectives.

# What's New in Phase 2

- Expanding WOPs builds on previous Phase 1 projects.
- Emerging WOPs new or newly configured partnerships.

#### Leveraging Impact

- Targeted utility improvements in technical, financial, social and environmental areas.
- Leveraging impact with digitalization, financial linking and human rights for stronger impact.

#### **Increased Support to Coordination**

- Funded initial diagnostic visit for shortlisted Emerging WOP applicants.
- Required budgeting for staff time and coordination.
- Support for advocacy and joint learning.

#### Simplified Reporting
